THORNTON NETBALL COURT RESURFACE

Project	Netball Court Maintenance and Resurfacing
Client	Murrindindi Shire Council
Timing	2023
Surface type	Acrylic

Nestled in the scenic surroundings of the Eildon National Park and Cathedral Range, Thornton is a small town along the Goulburn Valley Highway, located approximately 13 kilometers east of Alexandra. The Thornton Recreation Reserve, home to the Thornton Eildon Football Netball Club, serves as a central hub for community sports and activities.

iDwala was engaged to repair and resurface the netball court at the reserve, which had shown significant wear over time. The team applied a high-quality acrylic surface, transforming the court into a safe, durable playing area that meets Netball Victoria's competition standards.

The end result is a vibrant, long-lasting court that will benefit the club and the broader Thornton community for years to come. iDwala is proud to have contributed to a project that will enhance sporting opportunities for women and girls in Thornton, promoting active and inclusive participation in sport.
